Remuneration Policy

This section sets out the Directors' Remuneration Policy (the Policy) proposed for approval by shareholders at the Company's AGM on 30 April 2021. Subject to shareholder approval, the Policy is intended to remain in effect for three years from the 2021 AGM. The previous page summarises how the Policy differs from the policy which was approved by shareholders at the 2020 AGM. Whilst the policy at the 2020 AGM received strong support from our shareholders, the Committee reviewed the policy in light of AstraZeneca's continuous growth, the increase to both the CEO's and CFO's role scope following AstraZeneca's COVID-19 response, as well as competitive pay levels in comparison to global and European pharmaceutical peers.

Setting the Policy

The Remuneration Committee (the Committee) is responsible for setting overall remuneration policy and makes decisions about specific remuneration arrangements in the broader context of employee remuneration throughout the Group. The Committee reviews Group remuneration data annually, including ratios of average employee pay to senior executive pay; bonus data; as well as gender and geographical data in relation to base pay and variable compensation. This includes a workforce remuneration review to understand the ways in which reward is differentiated by contribution across the population.

Remuneration for all roles within the organisation is benchmarked against that for comparable roles in similar organisations and in the employee's local market. Executive Directors' remuneration is benchmarked against global and European pharmaceutical peer groups and the FTSE 30. In reviewing the base pay of Executive Directors, the Committee considers the overall level of any base pay increases being awarded to employees in the Executive Director's local market in the relevant year. In setting, reviewing and implementing the Policy, the Committee seeks independent advice and ensures that no Director makes decisions relating to their own remuneration. The Committee connects with the Audit Committee to ensure that the Group's remuneration policies and practices achieve the right balance between appropriate incentives to reward good performance, management of risk, and the pursuit of the Company's strategic objectives.

The Board as a whole takes responsibility for gathering the views of AstraZeneca's workforce, and does so through multiple channels of engagement. While the Committee does not consult employees specifically when setting the Executive Directors' remuneration policy, the Company engages with employees, either on a Group-wide basis or in the context of smaller focus groups, to solicit feedback generally on a wide range of matters, including pay. Many employees are also shareholders in the Company and therefore have the opportunity to vote on the Policy at the 2021 AGM.

In all aspects of its work, the Committee considers both the external environment in which the Company operates and the guidance issued by organisations representing institutional shareholders. It consults the Company's major investors on general and specific remuneration matters and provides opportunities for representatives of those investors to meet the Chairman of the Committee and other Committee and Board members. It is the Company's policy to seek input from major shareholders on an ad hoc basis when significant changes to remuneration arrangements are proposed. A thorough consultation process was undertaken as this Policy was developed, with investors' feedback on the Committee's proposals influencing the final Policy. The Company's shareholders are encouraged to attend the AGM and any views expressed will be considered by Committee members.

Legacy arrangements

The Committee may approve remuneration payments and payments for loss of office on terms that differ to the terms in the Policy where the terms of the payment were agreed before the Policy came into effect or were agreed at a time when the relevant individual was not a Director of the Company (provided that, in the opinion of the Committee, the agreement was not entered into in consideration for the individual becoming a Director of the Company). This includes the exercise of any discretion available to the Committee in connection with such payments. For these purposes, payments include the Committee satisfying awards of variable remuneration, including share awards, in line with the terms agreed at the time the award was granted.

Minor amendments

The Committee may make minor amendments to the arrangements for Directors described in the Policy without shareholder approval for regulatory, exchange control, tax or administrative purposes or to take account of a change in legislation.

Remuneration Policy for Executive Directors

Fixed elements of remuneration: base pay, benefits and pension

Base pay

Purpose and link to strategy	Operation	Maximum opportunity
Intended to be sufficient to attract, retain and develop high-calibre individuals	<p>When setting base pay, the Committee gives consideration to a number of factors, including (but not limited to):</p> <ul style="list-style-type: none"> > recognition of the value of an individual's personal performance and contribution > the individual's skills and experience > internal relativities > conditions in the relevant external market <p>Base pay is normally reviewed annually with any change usually taking effect from 1 January.</p>	<p>While there is no formal maximum, any increases in base pay will normally be in line with the percentage increases awarded to the employee population within the individual's country location.</p> <p>Higher increases may be made if the Committee considers it appropriate, for example to reflect:</p> <ul style="list-style-type: none"> > an increase in the scope and/or responsibility of the individual's role; or > development of the individual within the role.

Benefits

Purpose and link to strategy	Operation	Maximum opportunity
Intended to provide a market-competitive benefits package sufficient to attract, retain and develop high-calibre individuals	<p>UK Executive Directors are provided with a fund, the value of which is based on a range of benefits, including private medical provision for themselves, partner and children; life assurance; company car; additional holidays and other additional benefits made available by the Company from time to time that the Committee considers appropriate based on the Executive Director's circumstances.</p> <p>A Director may choose to take a proportion of, or the entire, fund as cash.</p> <p>Non UK-based Executive Directors will receive a range of benefits (or a fund of equivalent value) comparable to those typically offered in their local market. Depending on local market practices, they may be able to elect to take the fund as cash or elect to take one or more of these benefits and take the balance as cash.</p> <p>At its discretion, the Committee may consider support towards reasonable costs associated with relocation and/or provide an allowance towards reasonable fees for professional services such as legal, tax, property and financial advice. The Company may also fund the cost of a driver and car for Executive Directors and any expenses deemed to be taxable which are reasonably incurred in the course of the Company's business, together with any taxes thereon.</p> <p>The Company provides directors' and officers' liability insurance and an indemnity to the fullest extent permitted by law and the Company's Articles.</p>	<p>The maximum value of the benefits available will be equivalent to the cost to the Company of the suite of benefits available in the local market at the time.</p> <p>The value of the support towards the costs of relocation, professional fees and other costs will be the reasonable costs associated with the Executive Director's particular circumstances.</p> <p>The maximum value of the directors' and officers' liability insurance and third-party indemnity insurance is the cost at the relevant time.</p> <p>While the Committee has not set an overall level of benefit provision, the Committee keeps the benefit policy and benefit levels under review.</p>

Pension

Purpose and link to strategy	Operation	Maximum opportunity
Provision of retirement benefits to attract, retain and develop high-calibre individuals	<p>UK-based Executive Directors receive a pension allowance based on a percentage of base pay, which the Director may elect to pay into a pension scheme (or an equivalent arrangement) or take as cash.</p> <p>Non UK-based Executive Directors will receive an allowance for the purpose of providing retirement benefits in line with local market practice. A non UK-based Executive Director may be offered the opportunity to elect to take some or all of the allowance as cash.</p>	<p>The maximum pension allowance that may be provided to UK-based Executive Directors shall be capped at a level in line with the pension arrangements of other UK employees.</p> <p>The maximum value that may be provided to non UK-based Executive Directors will be aligned with employees in the relevant local market.</p>

Variable elements of remuneration: annual bonus and long-term incentive

Annual bonus and Deferred Bonus Plan (DBP)

Purpose and link to strategy	Operation	Maximum opportunity
<p>The annual bonus incentivises and rewards short-term performance against Group targets and individual objectives that are closely aligned to the Company's strategy</p> <p>The deferred share element of the annual bonus is designed to align Executive Directors' interests with those of shareholders</p>	<p>Annual bonus awards are conditional on performance. Performance is measured over one year and the bonus, if awarded, is paid after the year end. Normally half of the bonus is delivered in cash and half is delivered in shares, which are deferred for three years under the DBP. DBP awards may consist of Ordinary Shares or American Depositary Shares (ADSs) depending on the country in which the Director is based. In line with the approach for other employees, a Director may be offered the opportunity to elect to defer part of their cash bonus into pension.</p> <p>Stretching Group targets are set annually by the Committee based on the key strategic priorities for the year. The performance targets form a Group scorecard, which is closely aligned to the Company's strategy, and are designed to reward scientific, commercial and financial success. Performance is assessed in relation to each performance target on a standalone basis. A threshold level of performance is specified; if performance falls below this level, there will be no payout for that proportion of the award.</p> <p>Payout levels are determined by the Committee after the year end, based on performance against the Group scorecard targets as well as each Executive Director's individual performance. The Committee may use its discretion to ensure that a fair and balanced outcome is achieved, taking into account the overall performance of the Company and the experience of shareholders.</p> <p>On vesting of the deferred shares, shares equivalent in value to the dividends that would have been paid during the deferral period will be awarded to the Director.</p> <p>The Committee has discretion to claw-back from individuals some or all of the cash bonus award in certain circumstances including (i) serious misconduct by the individual (for up to six years from the payment date); (ii) material misstatement or restatement of the results of the Group (for up to two years from the payment date); or (iii) significant reputational damage to the Group (for up to two years from the payment date).</p> <p>For shares under the DBP, the Committee has discretion to reduce or cancel any portion of an unvested deferred bonus share award in certain circumstances (malus) including (i) serious misconduct by the individual; (ii) material misstatement or restatement of the results of the Group; or (iii) significant reputational damage to the Group. The Committee also has discretion to claw-back from individuals some or all of the deferred bonus share award in certain circumstances, including (i) serious misconduct by the individual (for up to six years from the vesting date); (ii) material misstatement or restatement of the results of the Group (for up to two years from the vesting date); or (iii) significant reputational damage to the Group (for up to two years from the vesting date).</p>	<p>The maximum annual bonus amount that can be awarded is equivalent to 250% of base pay.</p>

Long-term incentive (LTI): Performance Share Plan (PSP)

Purpose and link to strategy	Operation	Maximum opportunity
<p>The PSP is designed to align the variable pay of Executive Directors with the successful execution of the Company's strategy</p>	<p>PSP awards are conditional awards and may be granted over Ordinary Shares or American Depositary Shares (ADSs) depending on the country in which the Director is based. Vesting is dependent on the achievement of stretching performance targets and continued employment, as further described in the Treatment of LTI and Deferred Bonus Plan awards on cessation of employment section on page 165.</p> <p>Stretching performance targets are set by the Committee at the beginning of the relevant performance period. Performance measures are closely aligned to the Company's strategy and are designed to reward scientific, commercial and financial success. The Committee will consult with major shareholders in advance if it proposes any material changes to the PSP performance measures.</p> <p>When selecting the performance measures for each award, the Committee weights the performance measures as it considers appropriate, taking into account strategic priorities. The Committee's intention is to exercise appropriate judgement both when setting performance targets and assessing outcomes, in particular so that the experience of shareholders over time is taken into account.</p> <p>Performance is normally assessed over a three-year period commencing on 1 January in the year of grant. Shares are subject to a two-year holding period following the performance period, so vesting takes place on the fifth anniversary of grant. During the holding period, no further performance measures apply.</p> <p>Typically, 20% of the proportion of a PSP award linked to a performance measure will vest on achievement of the threshold level of performance and 100% will vest if the maximum level of performance is achieved in full. For relative measures (such as relative total shareholder return (TSR)) the threshold performance will be performance at or above median, and maximum performance will usually be set as achievement of performance at the upper quartile level of the peer group. Where a performance measure permits, there will be further vesting points between threshold and maximum vesting levels.</p> <p>The Committee may (acting fairly and reasonably) adjust or waive a performance target if an event occurs that causes it to believe that the performance target is no longer appropriate.</p> <p>Shares equivalent in value to the dividends that would have been paid on the vesting shares during the performance and holding periods will be awarded to the Director.</p> <p>The Committee has discretion to reduce or cancel any portion of an unvested award in certain circumstances (malus), including (i) serious misconduct by the individual; (ii) material misstatement or restatement of the results of the Group; or (iii) significant reputational damage to the Group. The Committee also has discretion to claw-back from individuals some or all of the award in certain circumstances, including (i) serious misconduct by the individual (for up to six years from the third anniversary of the date of grant); (ii) material misstatement or restatement of the results of the Group (for up to two years from the third anniversary of the date of grant); and (iii) significant reputational damage to the Group (for up to two years from the third anniversary of the date of grant).</p>	<p>The maximum market value of shares that may be awarded under the PSP in any year is equivalent to 650% of the participant's annual base pay at the date of grant.</p>

UK Employee Share Plans

Share Incentive Plan (SIP)

Purpose and link to strategy	Operation	Maximum opportunity
Encouraging employee share ownership	The Company operates an HM Revenue & Customs (HMRC)-approved SIP whereby UK employees, including Executive Directors, may elect to save a regular amount to be used to purchase shares. The Company currently grants one matching share in respect of every four shares purchased by the participant.	Participants may contribute up to £150 per month from pre-tax pay or such other maximum amount as determined by the Company within the parameters of applicable legislation.

Save As You Earn Share Option Scheme (SAYE)

Purpose and link to strategy	Operation	Maximum opportunity
Encouraging employee share ownership	The Company operates an HMRC-approved SAYE whereby UK employees, including Executive Directors, may save a regular amount over three or five years and are granted options to purchase shares at the end of the saving period. A maximum discount of 20% to the market price prevailing at the date of the commencement of the scheme applies to the option price.	Participants may save up to £500 per month from post-tax pay or such other maximum amount as determined by the Company within the parameters of applicable legislation. The maximum opportunity available to participants in a non UK-based all-employee share scheme will be determined by the Company within the parameters of applicable legislation.

Historical LTI: AstraZeneca Investment Plan (AZIP)

The final grant under the AZIP took place in 2016. All extant AZIP awards have completed the relevant four year performance period and are now subject to a holding period before vesting. The AZIP holding period lasts for four years following the performance period, so that vesting takes place on the eighth anniversary of the start of the performance period. The holding period attached to the 2016 AZIP award will end on 1 January 2024. During the holding period, no further performance measures apply. Payout of an award is subject to continued employment as further described in the Treatment of LTI and Deferred Bonus Plan awards on cessation of employment section on page 165. The shares equivalent in value to the dividends that would have been paid on the vesting shares during the performance and holding periods will be awarded to the Director.

The Committee has discretion to reduce or cancel any portion of an unvested award in certain circumstances (malus), including (i) serious misconduct by the individual; (ii) material misstatement or restatement of the results of the Group; or (iii) significant reputational damage to the Group. The Committee has discretion to claw-back from individuals some or all of the award in certain circumstances, including (i) serious misconduct by the individual (for up to six years from the end of the performance period); (ii) material misstatement or restatement of the results of the Group (for up to two years from the end of the performance period); or (iii) significant reputational damage to the Group (for up to two years from the end of the performance period).

Differences in remuneration policy for other employees

The Company's approach to determining and reviewing the base pay of the Executive Directors and the employee population as a whole is the same. On an annual basis the base pay for individual roles are reviewed in the context of the external market. AstraZeneca participates in annual global compensation surveys, which provide benchmarking data for all roles within the organisation, ensuring a robust base pay review process for all roles. Employee base pay is reviewed through our annual review process. The Company seeks to provide an appropriate range of competitive benefits, including healthcare and pension, to all employees (including Executive Directors) in the context of their local market.

Employees globally may be eligible for LTI awards in the form of the PSP and/or restricted stock units depending on their level and market. The occupants of senior roles in the Company are currently eligible for PSP awards – these are the leaders who have the ability to directly influence the execution of the Company's strategic goals. A proportion of each Senior Executive Team (SET) member's annual bonus is deferred into shares under the DBP. An LTI award may be used for the same purpose as described above on the recruitment of employees, or, for employees other than Directors, for retention.

Remuneration scenarios for Executive Directors

The charts below illustrate how much the current Executive Directors could receive under different performance scenarios in 2021. Dividend equivalents payable in respect of PSP awards are not included in the scenarios. To compile the charts, the following assumptions have been made:

Minimum remuneration

- > base pay is that applicable in 2021
- > taxable benefits are those included in the Executive Directors' realised pay table for 2020, as set out in the table on page 138
- > pension value is 11% of base pay

Remuneration for performance in line with the Company's expectations

- > annual bonus payout is equivalent to 125% of 2021 base pay for Pascal Soriot and 100% of 2021 base pay for Marc Dunoyer
- > PSP share award vesting at 325% of 2021 base pay for Pascal Soriot and 225% of 2021 base pay for Marc Dunoyer (representing 50% of the face value of the PSP award)

Maximum remuneration

- > annual bonus payout equivalent to 250% of 2021 base pay for Pascal Soriot and 200% of 2021 base pay for Marc Dunoyer
- > PSP share award vesting at 650% of 2021 base pay for Pascal Soriot and 450% of 2021 base pay for Marc Dunoyer (representing 100% of the face value of the PSP award)

Approach to recruitment remuneration for Executive Directors

On the recruitment of a new Executive Director, the Committee seeks to pay no more than is necessary to attract and retain the best candidate available, within the limits of our approved Remuneration Policy. The Committee will offer a remuneration package that it considers appropriate in the particular circumstances of the recruitment, giving due regard to the interests of the Company's shareholders and taking into account factors such as typical market practice, existing arrangements for the other Executive Directors, internal relativities and market positioning.

The pharmaceutical industry is global, and future Executive Directors might be recruited from organisations with pay structures and practices that differ from AstraZeneca's usual Remuneration Policy. The Committee believes that it is in the interests of shareholders for it to retain an element of flexibility in its approach to recruitment to enable it to attract the best candidates; however, this flexibility is limited.

The Committee may find it necessary to compensate a new recruit for forfeiture of entitlements as a consequence of the recruit leaving his or her previous employment to join AstraZeneca. There is no limit to the value of such buy-out award, however the Committee will rigorously consider the appropriate value so as not to pay more than the compensation being forfeited. The Committee will seek to offer a package weighted towards equity in the Company, and will usually seek to use the PSP as the primary vehicle for buy-out awards where possible; however, the precise nature of the compensation arrangement will depend on the type of entitlement being forfeited. The arrangement might therefore comprise a combination of cash, share awards granted under the PSP (subject to the Policy maximum), and other restricted shares. The Committee may introduce a one-off arrangement as permitted under Listing Rule 9.4.2 in order to deliver a restricted share award. Malus and claw-back provisions would normally apply to buy-out awards, for the same reasons as detailed under the DBP and PSP.

Restricted share awards will only be granted as part of recruitment arrangements to compensate for loss of remuneration opportunities suffered on leaving previous employment.

The Committee considers whether the lost incentives were subject to performance targets and their probability of vesting. The normal approach is to seek broadly to mirror the timing of vesting and application of performance targets of the compensation being forfeited. For example, a buy-out award may be granted without performance conditions where the foregone compensation was not subject to performance testing, however the Committee may apply appropriate performance measures if it considers it appropriate.

The Committee may allow a restricted share award to vest in tranches at different points. If no performance targets are attached to a compensatory award, it will vest in full if the individual remains in employment on the vesting date. On vesting, shares equivalent in value to the dividends that would have been paid during the vesting period will be awarded to the Director.

All other aspects of a new recruit's compensation opportunity will be subject to the maxima stated in the Policy. In the case of Group employees who are promoted internally to the position of Executive Director, the Committee intends to honour all remuneration arrangements entered into before the promotion.

The Company may reimburse the costs of financial planning, legal and tax advice and reasonable costs incurred on recruitment, including relocation support.

Service contracts for Executive Directors

Save as noted below, it is not intended that service contracts for new Executive Directors will contain terms that are materially different from those summarised below or contained in the Policy as set out in this Remuneration Policy Report. The contractual obligations below are applicable to each of the current Executive Directors unless stated otherwise. Copies of the Executive Directors' service contracts can be inspected at the Company's Registered Office.

Notice period	The service contracts of Executive Directors do not have a fixed term but the Company may terminate employment by giving not less than 12 months' written notice. The Company may agree on appointment that any notice given by the Company will not expire prior to the second anniversary of the commencement date of the Executive Director's appointment. Executive Directors may terminate their employment on 12 months' written notice.
Payments in lieu of notice	The Company may terminate an Executive Director's contract at any time with immediate effect and pay a sum in lieu of notice. This sum will consist of (i) the base pay that they would have been entitled to receive during the notice period and (ii) the cost to the Company of funding the benefit arrangements for this period, including the Company's contribution in respect of pension.
Garden leave	The Company has the right to place the Executive Director on 'garden leave'.
Summary termination	The Company may terminate employment summarily in particular defined circumstances such as gross misconduct, with no further payment.
Payments in lieu of holiday	If, on termination, the Executive Director has exceeded their accrued holiday entitlement, the value of this excess may be deducted by the Company from any sums payable. If the Executive Director has unused holiday entitlement, the Committee has discretion to require the Executive Director to take such unused holiday during any notice period or make a payment in lieu of it calculated in the same way as the value of any excess holiday.
Directors' and officers' liability insurance	Directors' and officers' liability insurance and an indemnity to the fullest extent permitted by law and the Company's Articles is provided for the duration of an Executive Director's employment and for a minimum of five years following termination.

Principles of payment for loss of office for Executive Directors

The Company does not make additional payments for loss of office, other than, as appropriate, payments in lieu of notice as described above or payments in respect of damages if the Company terminates an Executive Director's service contract in breach of contract (taking into account, as appropriate, the Director's responsibility to mitigate any losses). The Committee has discretion to award payments in certain circumstances, as set out on the following page, depending on the nature of the termination and the Executive Director's performance. The LTI plans are governed by plan rules, which define how individual awards under those plans should be treated upon termination of employment and corporate activity, including sale of a business outside the Group. The treatment of awards in these circumstances will be determined according to the rules and subject to Committee discretion. Aside from the reasons relating to corporate activity, generally, awards under LTI plans will only be allowed to vest for those Executive Directors who leave the Company in circumstances such as ill-health, injury, disability, redundancy or retirement, or any other reason the Committee considers appropriate, or where employment terminates by reason of the Executive Director's death (see the table on page 165 for further information). Awards that are allowed to vest will typically be pro-rated for time, subject to the Committee's discretion. In addition to any payment in lieu of notice, the individual components of remuneration and other payments which may be payable on loss of office are set out on the following pages, subject to the terms of any applicable bonus rules or share plan rules. No awards will vest where an individual has been dismissed for cause.

Remuneration Policy for Executive Directors *continued*

Annual bonus

At the discretion of the Committee, an Executive Director may receive a bonus for the performance year in which they leave the Company. Typically, this sum will reflect a bonus pro-rated for the part of the year in which they worked. This will depend on the circumstances, including an assessment of performance against the scorecard and the Executive Director's performance in the relevant period and the circumstances of their departure, and may be in such proportion of cash and/or shares as the Committee will determine. The deferred share element of previous bonuses granted, and any deferred share element of the bonus awarded in respect of the departing year, may still vest for the benefit of the departing Executive Director at the end of the period of deferral. The Committee has the discretion to accelerate and/or retain the deferral period and allow shares to vest for the benefit of the Executive Director on their departure and/or in accordance with the vesting schedule as the case may be.

LTI plans

The LTI plan rules envisage circumstances under which some, all or none of the shares held under LTI plans will vest in connection with departure. The exact timing and number of shares vesting will depend on the circumstances, including the reason for leaving (as set out in the table on page 165) and may be subject to Committee discretion, depending on what it considers to be fair and reasonable in the circumstances.

Restricted share awards

The treatment on termination will depend upon the terms of the individual Executive Director's awards on recruitment. The Committee has discretion to determine the treatment at the time of departure based on what it considers to be fair and reasonable in the circumstances.

Non-statutory redundancy payment

Executive Directors are not entitled to non-statutory redundancy payments.

Pension contributions and other benefits

Pension contributions and other benefits for Executive Directors will be payable up to the termination date or as part of a payment in lieu of notice as described on page 163.

Payments in relation to statutory rights

The amount considered reasonable to pay by the Committee in respect of statutory rights may be included in the overall termination payment.

Payments required by law

The Committee reserves the right to make any other payments in connection with an Executive Director's cessation of office or employment where the payments are made in good faith in discharge of an existing legal obligation (or by way of damages for breach of such an obligation) or by way of settlement of any claim arising in connection with the cessation of an Executive Director's office or employment.

Mitigation

The departing Executive Director will be required to mitigate their loss by using reasonable efforts to secure new employment.

Professional fees

The Company may pay an amount considered reasonable by the Committee in respect of fees for legal and tax advice, and outplacement support for the departing Executive Director.

Treatment of LTI and Deferred Bonus Plan awards on cessation of employment

Plan	Termination by mutual agreement (broadly in circumstances of ill-health, injury, disability, redundancy or retirement and in the case of death and certain corporate events e.g. sale of a business outside the Group)	Other leaver scenarios
Deferred Bonus Plan (Annual bonus)	Awards will vest at the end of the relevant deferral period, unless the Committee decides otherwise.	Ordinarily awards will lapse unless the Committee exercises its discretion to apply the treatment for leavers by mutual agreement.
PSP	<p>Where cessation of employment occurs within three years of the date of grant, awards will vest, pro rata, to the time elapsed between the date of grant of the award and the date of cessation of employment, after the end of the performance period, to the extent that the performance target(s) measured over the performance period has been met.</p> <p>However, the Committee has discretion to permit the award to vest immediately on cessation of employment to the extent that the performance target(s) has, in the opinion of the Committee, been satisfied from the date of grant to the date of cessation of employment.</p> <p>However, if the Committee believes that exceptional circumstances warrant this, it may exercise its discretion to vest the award on another basis.</p> <p>Where cessation of employment occurs during any holding period, the award will vest in respect of all the shares that continue to be subject to the award as soon as practicable following the cessation of employment. However, the Committee has discretion to require the award to vest only at the end of the holding period.</p>	<p>Other than during a holding period, ordinarily awards will lapse unless the Committee exercises its discretion to preserve all or part of an award and apply the default treatment for leavers by mutual agreement as described in this table.</p> <p>This discretion will not be exercised in the case of dismissal for gross misconduct.</p>
AZIP	<p>The final grant under the AZIP took place in 2016. Remuneration Policy for Non-Executive Directors

Non-Executive Directors, including the Chairman, receive annual Board fees. With the exception of the Chairman, Non-Executive Directors receive additional fees for membership and chairmanship of Board Committees and for holding the position of senior independent Non-Executive Director. Non-Executive Directors are not eligible for performance-related bonuses or to participate in any of the Company's share-based incentive plans. No pension contributions are made on their behalf. The annual Board fees applicable to Non-Executive Directors are set out in the Annual Report on Remuneration. Changes to these fees in future years will be set out in the corresponding year's Annual Report on Remuneration. The remuneration of Non-Executive Directors (excluding the Chairman) is determined by the Chairman and the Executive Directors. The remuneration of the Chairman is determined by the other members of the Committee and the senior independent Non-Executive Director.

Letters of appointment

None of the Non-Executive Directors has a service contract but each has a letter of appointment. The terms and conditions of appointment of Non-Executive Directors may be viewed on the Governance page of the AstraZeneca website, at www.astrazeneca.com. In accordance with the Company's Articles, following their appointment, all Directors must retire at each AGM and may present themselves for re-election. The Company is mindful of the director independence provisions of the 2018 UK Corporate Governance Code and, in this regard, a Non-Executive Director's overall tenure will not normally exceed nine years. The Chairman may terminate his appointment at any time, on three months' notice. None of the other Non-Executive Directors has a notice period or any provision in their letter of appointment giving them a right to compensation upon early termination of appointment.
